Accessories

For all Garage doors

Lumi+

Additional LED lighting for the roof control. It is switched in parallel with the lighting in the carriage and can be easily switched on and off using the light function by means of a transmitter.

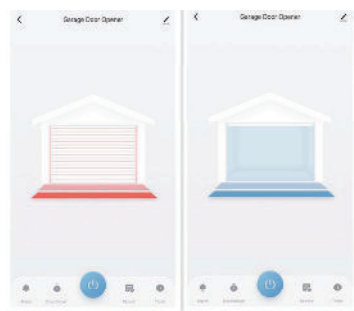

Buzzer

Two functions in one product:
The alarm buzzer recognises a break-in attempt and outputs a loud signal tone. The warning buzzer, on the other hand, outputs an acoustic signal during the closing process or when the slip door is open.

Accu

Supplies energy to the operator for maximum 5 door cycles > in the event of a power failure.

App control

allows you to control garage doors via voice control
Check the status of the current door (open, closed)
Manage anywhere in the world over the Internet
Check the open and closed history
